50 CENTS PER MONTH

FOR A LIVING WAGE FOR WORKERS

Minimum Wages Bill Being
Framed By Eight-Hour
Champion

WAGES DETERMINED
BY COST OF LIVING

Young of Alameda Introduces
the Presidential Pri-
mary Bill

SACRAMENTO, Nov. 29.—Assemblyman Griffin, who championed the eight hours bill for working women last session, is at work upon a bill to be submitted to the next legislature creating a minimum wage board. His measure will provide that the board shall determine the cost of living in various localities, and shall, upon that basis, fix the minimum rates of wages in the various crafts. The minimum rate so established shall be sufficient to afford a decent living under the conditions which are required for physical efficiency.

Massachusetts has adopted a bill providing for inquiry into living cost with the same object in view. Wisconsin's last legislature defeated a similar measure.

"Six dollars weekly in cities does not afford a decent living," said Judge Griffin today. "I propose that this state shall protect the rights of its working people to at least a fair living wage. This bill gives a reasonable basis for determining the necessary rate."

PRESIDENTIAL PRIMARY BILL IS INTRODUCED

SACRAMENTO, Nov. 29.—Assemblyman C. C. Young, of Alameda, introduced a bill shortly after the session opened today, providing for an amendment to the election laws which will give people the right to express their preference for candidates for president, and vote directly for party delegates to the national convention who are pledged to carry out the wishes of the majority.

SACRAMENTO, Nov. 29.—Three bills by Senator Bell and two by Senator Aver, designed to make women voters eligible to all public offices and to harmonize the political code with the equal suffrage regime, were introduced today.

M'NAMARRA TRIAL LAGGING

LOS ANGELES, Nov. 29.—Unless District Attorney Fredericks can absolutely show Judge Frank Willis that there exists a valid reason for calling a grand jury to investigate the alleged bribery charges in connection with the McNamara trial there will be none called.

Former Governor Gage will defend Bert H. Franklin, chief investigator for the McNamara defense, arrested yesterday on a charge of attempting to bribe George N. Lockwood, a prospective juror.

The trial of McNamara lagged today.

THE GOVERNOR MADE THEM "PUT IT BACK"—\$2750.60

SACRAMENTO, Nov. 29. (Special to the Register).—The State Board of Control has turned over to Governor Johnson certified checks aggregating \$2570.60, drawn in favor of the State Board of Examiners on Optometry, representing restitution on the part of present and former members of that board of money wrongfully withdrawn by them from its funds. The sums returned, with the names of those from whom they were received, are as follows:

Henry S. Cahn	\$402.55
P. C. Chinn	1442.17
W. H. Hare	367.55
Fred W. Detmers	291.67
E. W. Lauter	156.66

This restitution is the result of an investigation undertaken at the request of Governor Johnson, growing out of the disappearance for four years of \$1638.95 of the funds of the Optometry Board. The investigation showed that the \$1638.95, missing from the annual report made to Governor Gillett, had been returned after a rumor had become current of an investigation, by a personal check of the secretary, F. C. Chinn, who made the explanation that he did not know where the money went, but was satisfied that it had become deposited in a Sacramento bank in his own name, and that from time to time he had loaned to himself from these funds as high as \$1200, without the consent or knowledge of the other members of the board.

The report shows that the restitution of \$2570.60 was separate and apart, and in addition to the \$1638.95 transaction, that amount having been already paid back by Secretary Chinn. The checks turned over to the governor represent sums illegally drawn for per diem charges by the members, for banquets, for printing for a private institution, for "legislative fee" paid Lewis A. Hilborn, for examination and certificate fees not credited, and for per diem charges by members of the board were receiving, as an increase of fees.

THEY ARE AFTER SANTA ANA AVIATOR

Pasadena Makes Tempting
Offer for Location of Mar-
tin's Flying School

LONG BEACH, TOO,
WANTS ATTRACTION

De Kor Will Start for Texas on
Saturday to Fill Exhibi-
tion Dates

Pasadena and Long Beach both have their hopes of getting Glenn L. Martin, the Santa Ana aviator, and his flying school and his aeroplane factory.

Those cities realize that a flying school would be a big attraction. It would be worth while having something of that kind that strangers could visit, and an attraction that would provide entertainment for home people, as well.

Pasadena has had Martin and Ladie Lewcowicz, a New York aviator, in town for several days, and has made both of them liberal offers. The Pasadenaans offer to furnish Martin with a fine 160-acre tract as a flying field. The New York man will probably accept the offer made him. Martin as yet has not decided what he will do. One thing is certain and that is that Martin is going to have a field where he can teach his pupils to fly. He has two men coming from the East to learn the mastery of the air under Martin's skilled direction.

One of those who is coming is Mr. Bottenfield, a banker of Nelson, Neb. Bottenfield has contracted to have Martin's factory turn out one of its fine biplanes for him, and he expects to be here by Jan. 15 to begin taking lessons. Another pupil is H. L. Center of Salina, Kan. Center was Martin's assistant mechanic during Martin's thrilling flights at Salina. He is an automobile man, but he will give up autos for planes. Center will come on as soon as Martin's field is established.

Everyone here wants to keep Martin and his school and factory in Santa Ana, and Martin himself favors his home town, but the inducements offered by Pasadena and Long Beach are tempting.

Fred De Kor, who learned to fly under Martin, will leave next Saturday for Texas to fill Martin's flying dates there. De Kor's machine arrived today by rail from Dominguez field and is undergoing a thorough overhaul. De Kor is accompanied on his trip by "Curly" Crosson, a mechanic. Crosson was formerly employed in Martin's factory.

BRANDEIS WOULD DROP ALASKAN PROBE

He Declares Controller Bay
Investigation Can Well
Be Discontinued

FISHER'S ATTITUDE HAS
CHANGED THE SITUATION

Quotes Interior Secretary's
Recommendations to
Prove Statement

WASHINGTON, Nov. 29.—Declaring that the new Alaskan policy of Interior Secretary Fisher has reversed the former attitude of the administration and has brought it into accord with the views of Senators La Follette and Poindexter, is the burden of a letter written by Louis D. Brandeis of Boston, and made public today by Chairman Graham of the House Committee on Expenditures of the Department of the Interior.

Brandeis, in his letter, recommends the discontinuance of the Controller Bay investigation and gives in explanation Secretary Fisher's recommendation to "provide for the prompt development of the Alaskan coal fields in the public interest and safeguarding them against private monopoly through the leasing of mines, the construction and operation of a railroad by the government, and the operation of a government coal mine."

Brandeis' letter also says a proof of changed conditions is that "on November 6, Richard Ryan, apparently at the suggestion of Fisher, consented to the cancellation of the railroad company."

TO PERMIT THE GOVERNOR TO BE A CANDIDATE

SACRAMENTO, Nov. 29.—California's governor may hereafter by a candidate for United States senator during his term of office, provided Assemblyman H. W. Brown's bill, proposing to amend the political code, is passed. The measure was introduced in the lower house today.

Heretofore the state's chief executive, during his tenure of office, has been eliminated as a candidate for federal senatorship under the provisions of the constitution of 1879, although this has been held invalid by the supreme court.

"This section of the constitution has long been a piece of lumber," said Assemblyman Brown. "California is one of the few states that has thus discriminated against her governor. That section was undoubtedly embodied in the law in order to frighten the electorate from supporting a good man for the senate if he happened to be governor, and to prevent the governor from daring to be a candidate."

Opposed by Governor
SACRAMENTO, Nov. 29.—Governor Johnson this afternoon said: "The present provision of the constitution, that the Governor shall not, during his term of office, be elected a federal senator is a salutary provision that ought not be disturbed. The amendment presented by Brown ought to be and will be defeated."

CONTENDING CHINESE BEING SLAUGHTERED

Disorganized Hand-to-Hand Fighting in
Blood-Soaked Streets---Uncle Sam
to the Rescue of Missionaries

HANKOW, Nov. 29.—One of the bloodiest slaughters of the revolution is on between the Manchus and the Chinese today. The cities of Han Yang and Wu Chang are running red with blood of victims, and hundreds of bodies are floating down the Yangtze river. Swarms of vultures are hovering over them.

Fighting is in progress amid the gore-soaked streets, and a pile of the dead is being used as a barricade against the Manchu attack. The imperialists are bayonetting the wounded, and even mutilating the headless torsos of the dead.

Both Han Yang and Wu Chang are slaughter grounds with the Chinese facing annihilation. The rebels are fighting the battle of desperate men trying to save their own lives, rather than that of an organized army defending a stronghold. The Manchus have succeeded in dividing the rebel ranks until the battle now is simply the fight of many scattered groups of Chinese surrounded by the enemy. No quarter is being given by either side.

Rebels Control Nanking
NANKING, Nov. 29.—Rebels are in control of practically the entire city today after a fierce hand-to-hand encounter, during which both sides lost heavily. The rebel reserve column thrown out to flank General Feng Kwo Chang's imperial force, brought victory to the revolutionists, and disaster to the loyalists just when it seemed as the soldiers who had proclaimed a republic, were about to be over-powered.

RUSSIAN CONSUL IS RECALLED FROM CHINA

PEKIN, Nov. 29.—M. Korstovatz, the Russian minister to China, has been recalled suddenly and leaves here next Friday. It is believed that the curious faultiness of the Russian policy since the Mongolian question came up led to an ultimatum in the spring, the culmination of which was the recent unwillingness for international co-operation at Peking, is responsible for this event.

Martial Law in Shanghai

SHANGHAI, Nov. 29.—As the result of the entry of turbulent Chinese and attacks upon the police, Sir Edward Lugard, governor of Hong Kong, who has jurisdiction over Shanghai, today proclaimed martial law here. The Chinese population is greatly excited.

To Protect Americans

WASHINGTON, Nov. 29.—Secretary of State Knox today requested Secretary of War Stimson to hold from 500 to 2500 troops ready at Manila for dispatch to China on short notice. Federal Minister Calhoun, in China, has been ordered to notify the diplomatic corps at Peking that America is ready to fulfill its obligations, and assist in guarding the Tientsin & Peking railroads. A company of marines is being rushed from Shanghai to Peking to guard the Methodist mission there, where a hundred and forty American missionaries have sought refuge.

Rebels Lose Nanking

LONDON, Nov. 29.—Dispatches last night from Shanghai state that the revolutionists, after holding Nanking only twenty-four hours, were driven out late today by the imperialists. The rebels suffered severe losses.

SPECULATION IN WATER RIGHTS MAY BE STOPPED BY LAW

SACRAMENTO, Nov. 29.—Claiming that he has investigated fully 1500 filings made on water rights in this state and that approximately 90 per cent of them have been found purely speculative, Louis R. Glavis, secretary of the state conservation committee, has come to Sacramento armed with a bill prepared by the state board of control of water power. This bill will be introduced by Assemblyman Clark.

The primary purpose of the proposed enactment is to confer upon a new committee complete authority to investigate and adjudicate, and, if warranted, to terminate such filings.

Wants Thorough System

Even a more important consideration is that of establishing a thorough system of state regulation, such as now exists in Oregon, Wyoming, Nebraska and other commonwealths. Glavis' bill provides for a state water committee of five members, three to be appointed by the governor, while the governor and state engineer shall be ex-officio members. It is this committee which will consider filings now held, but under which there has been no operation, and which will henceforth regulate filings on water and water-power sites.

China's Revolt Month Ago--Told by Santa Anan

Under date of Oct. 30, 1911, Ed H. Munson writes the letter given below to his father, G. R. Munson, in Santa Ana, depicting conditions in China as they were at that time. In view of the wide spread of the revolution since Mr. Munson wrote his letter, and the imminent danger in which foreigners have been placed by the change in sentiment among both Manchus and Chinese, the letter is made doubly interesting.

It follows:

"Dear Father: Just a few lines to you tonight to settle in your mind any rumors you may have heard about trouble in China. Doubtless the American papers have been full of the revolution and reported danger to foreigners. Let me give you a brief statement of facts."

"Yes, a big revolution is in progress throughout China. I am perfectly safe I think. Both the government and rebels are trying to protect all foreigners. Since 1911 the Manchus have ruled China fiercely, selfishly and ofentimes cruelly. A spirit of progress and reform has been spreading over the empire. The Chinese are opposed to being governed by the Manchus. A big plot of the revolutionists was discovered on Oct. 10 in Szechuen, one of the interior provinces. Immediately five rebels were killed. This started things. Now the rebel army, 30,000 strong, has gained control of about four to five provinces including two prominent Chinese arsenals which are being worked night and day to put out guns and ammunition for the rebel army. The government army has been defeated several times. Just now the center of activities is around Hankow, a large city about five days' journey from Foochow. Most of the large important cities are under fire. The movement spread to South China last week when several government officials were killed in Canton and Foochow is stirred up now and we expect to see an encounter between official army and rebels almost any day or night. Both sides pride themselves on the protection they are giving to Americans and English. We fear little danger in Foochow, but are planning to get women and children out of the city as soon as possible. Just now I am continuing my language study. Some of the missions are shutting down on their mission work."

"Do not worry about me. I feel perfectly safe. China is passing through a great transition period and by the time this reaches you she may be called the Republic of China, rather than the Empire of China as now."

MAY HAVE PERISHED IN FLAMES

LOS ANGELES, Nov. 29.—Up to noon today nothing has been heard from the searching party leaving Santa Monica yesterday seeking the wife and children of J. H. Richter of the Malibu district, who, it is feared, perished in the fire that has been burning in that section for the past eleven days. Since Richter left his home on the other side of the Ventura line a few days ago, to drive to Santa Monica for aid to fight the fire, and also to bring back a wagon load of supplies for his family, nothing has been heard from them. Means of communication are cut off, and it is not known whether they perished in the flames sweeping the district or managed to escape to some retreat in the vicinity of Ventura.

SAN DIEGO SAYS ME TOO FOR THAT

SACRAMENTO, Nov. 29.—San Diego today claimed, in a telegram from the directorate of the Panama-California Exposition Company to the senate, the same legislative privileges which may be granted to the Panama-Pacific exposition. The San Francisco fair management had asked that its advertising mark be printed upon the state publications.

HARRIS DEAD OF HEART FAILURE

Body of Man Prominent in His-
tory of County Found
This Morning

FIRST SHERIFF—
FORMER TREASURER

Physician Summoned By a
Stranger Was Unable to
Find Man Reported Ill

Richard T. Harris, first sheriff and former treasurer of Orange County, was found dead beneath a walnut tree on Durant street north of Fifteenth street this morning. His body was found about 6:30 o'clock by the Melchert brothers as they were riding their bicycle to work. Death was due to heart trouble, from which Harris had been suffering for some time.

Of late, after eating, Harris had felt a discomfort about the heart, and he often took walks in the open air for relief. Last night he was seen walking out North Main street, by C. S. Kelley.

About 9 o'clock G. L. Bates and his wife, who live at the corner of Fifteenth and Durant streets, were notified by a stranger, that there was a man ill beside the road and he wanted Dr. Gordon called. Dr. Gordon was called, and he and Bates rode around the block but saw nothing of any one. They passed along Durant street but they did not see Harris, who was beneath a walnut tree of the first row on the east side of the street. Evidently he was taken ill, and had sent the first passer-by for help. His condition may have become more serious and death probably ensued before the physician passed.

Harris was identified with public enterprises and affairs in this county for over a quarter of a century. He was born in Virginia fifty-two years ago, and settled near Garden Grove thirty years ago. When Orange County was formed he was chosen by the non-partisan convention as the county's first sheriff and tax collector, which offices were then combined and which he held from Aug. 1, 1889, to Jan. 1, 1891. In 1894 he was the Republican nominee for treasurer, to which office he was elected and which he held for four years beginning Jan. 1, 1895.

Harris left home last night about 6 o'clock, expecting to return as usual. His wife anxiously awaited the return all night, and early this morning telephoned to H. J. Forgy that he was missing. Forgy had gone out to look for the man when word that his body was discovered on Durant street was received.

Harris leaves a widow and several brothers and sisters, among whom are A. N. Harris of Pomona, A. E. Harris of Whittier, Mrs. Jerome Folsom of Garden Grove and Mrs. R. B. Robinson of Santa Ana.

Harris was well known in business and political circles of this county. He was formerly a director of the Southern California Sugar Company, and at the time of his death was a director of the Santa Ana Co-Operative Sugar Company now building south of Santa Ana. Early in the evening he conferred with Mr. Small, one of the sugar company officials.

The funeral will be held Friday afternoon at 1:30 o'clock from the residence at the northeast corner of Sixth and French streets.

An autopsy will be held this afternoon.

MURDERER'S SISTER ATTEMPTS SUICIDE

STOCKTON, Nov. 29.—Mrs. Belle Axtell Kolp, sister of S. B. Axtell, who was sentenced to life imprisonment in Folsom this morning for the murder of Charles Sollars, lies critically ill in Lodi today, as the result of an attempt at suicide by swallowing morphine. She may die.

Mrs. Kolp was a witness and constant attendant in court during her brother's trial. She collapsed and was taken from the court a nervous wreck just before the verdict came in. She had been visiting her brother Carey Axtell at Lodi. Going to her room early last evening she swallowed poison. At noon today she is still unconscious.

ALUMNI WILL PLAY TO WIN

This year's High School Team
to Meet Team of Former
Local Stars

Tomorrow afternoon will be held one of the best football games of the season, and will be all the more interesting for the reason that the players on both teams are well known here. It will be a game between the football team of Santa Ana High School and a team of alumni.

The alumni team will be made up of players, most of whom are still in the game, or at least are familiar with the new rules. Secret practices have been held by the alumni, and they have their signals down in good shape.

McFadden and Lutz of Pomona College and the two Smart brothers of Occidental College will be in the line-up. Any game in which Art Lutz and Brick Gronard, team-mates of last year, enter into a kicking contest

MOST CERTAIN WAY TO END A BAD COLD

Surely Breaks the Cold and
Ends Grippe Misery in a
Few Hours

—It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

Gently But Thoroughly Cleanse Your Liver, Stomach and Bowels and You Feel Great By Morning

—You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep you and the entire family feeling good for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

Perfect Collar Work at Last

No Friction
Simply
Pressure
No Cracking
No Shining
Streaks
Tie Slips
Freely

The latest machine for finishing the popular turn-down collar is now in operation in our plant.

Before placing the collar in the mould it is given moisture far in excess of the old process, which insures its being turned and molded into shape without cracking and insures a smooth fold.

The outer portion of a collar is separated from the band so that a space is molded between, MAKING A NATURAL AND AMPLE TIE SPACE, PERMITTING FREE SLIPPAGE OF THE NECKTIE.

This is the only method by which collars are turned without cracking. A trial will convince you that our work is superior.

THE LA FOLLETTE BOOM

The La Follette boom in California, launched in San Francisco last Saturday, has all the earmarks of the real thing. The editor of this paper attended the so-called conference at the Palace hotel as a "man from Missouri," or a "looker on in Venice," and was impressed with the personnel of the gathering—about 200 of the leading Republicans of the state.

Of course there was unanimity, for there were few there who were not fully committed in advance to the support of the Wisconsin statesman. But the enthusiasm was great and genuine.

Several of the speakers—such men as Chester H. Rowell of Fresno, former Governor Pardee of Oakland, and J. J. Dwyer of San Francisco—have known La Follette personally for many years, and their tributes to his character and ability were such as to inspire confidence and arouse enthusiasm.

Not only in California, but nationally speaking the La Follette boom is on with great power. From everywhere comes evidence that he has impressed the country with his scholarly constructive statesmanship. And despite the croakings of the Democratic magazines which insist that Taft has the nomination in his vest pocket, there is, in our opinion, a good chance for La Follette to win. The iteration and reiteration of the Democratic dictum that Taft will surely be the Republican nominee is a case of the wish being father to the thought, and attempting to hold Republicans in line for him, the idea being that he would be easier to beat than La Follette.

THE WOMEN'S VOTES

The results of the "wet" or "dry" elections in the Fifth District and in Fullerton furnish a striking illustration of the moral value of votes for women. It seems barely possible that but for the women's votes the beautiful little city of Fullerton might have been opened up to the liquor traffic and thus converted into a plague spot on one of the fairest and most productive sections of country in the world. But with votes for women this has been made forever impossible.

The Fifth District apparently did not need the women's votes to save it, but they voted just the same and apparently every father's daughter of them voted "dry."

It has all along been one of the contentions of this paper that even though women might not vote fully at all elections and some women might not vote at any election, they could be depended upon to turn out in full force at any election of crucial moral issue.

PROBLEMS OF FEDERALISM IN CHINA

Though in theory the Manchu dynasty has been absolute throughout China, its representatives and appointees never have been able to disregard provincial and local public opinion. Peking has been a nominal and not an actual seat of power. Consequently, when the first steps toward constitutional government were taken, prior to the present revolution, and especially after the creation and operation of the National Assembly, it was seen that the crux of the whole

situation was the possibility of creating at a sufficiently early date a real national feeling and recognition of national, as against provincial or local, interests. Now that revolution has swept province after province into spurning monarchy and into setting up republican government, the fundamental problem for Yuan Shi Kai, or any other man who finally comes to dominate the situation at Peking, will be that of inducing combined action of the provinces for national welfare. The very independence and decentralized forms of the past, accounting for the failure of the Manchus ever really to impress the Chinese with his theories of life and destiny, and making, for millions of the Chinese, mere form of such fealty as was paid to the throne, now are a handicap in the process of election of the Manchus and in such reforms as may follow. National feeling, federated action and a common ideal are not suddenly evolved in a day or decade, following centuries of their opposites.

Here is the crux of the situation that Yuan Shi Kai faces. Assuming his ability, sincerity of motive and mastery of tactics, he is hardly a big enough figure to command the situation, to impress himself upon the millions or on the leaders of the masses in remoter parts of the realm. He can hardly be able to deal with the situation as Cromwell, Washington and Bismarck dealt with the problems of their day, when new commonwealths were being hammered into shape. This is no reflection on the man. No man could be big enough to dominate such an inchoate mass, least of all one who is given to methods of compromise and adjustment. If China "finds herself," it will be, we think, by a mass movement, wherein the multitude will be forced by the exigencies of experience to realize the need of more unity and formal co-operation, surrendering to authorities in Peking some powers hitherto kept by the provinces. Methods that Tokio or Paris or Berlin can enforce cannot be worked in Peking. But dire necessity, the peril of foreign intervention and listening to the voice of reason must soon cause a change of attitude. If not, then preservation of the entity of the empire will hardly be possible by the aid of diplomacy, for internal anarchy can only make China the prey of the powers.—Christian Science Monitor.

WHAT OTHER ORANGE COUNTY PAPERS ARE SAYING EDITORIALY

Santa Ana Bulletin: We must confess that we don't take any stock in this continually harping on that which has been settled for the time being. We refer more particularly to the recall of the judiciary. That matter was settled at the polls a few weeks ago, and we are satisfied to abide by the majority, though we were against it. We now have the law, and let all give it a fair square trial before condemning it. It may prove a splendid thing, and if it does not, the people have a chance to repeal it.

NO REASON FOR IT

When Santa Ana Citizens Show the Way

—There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of the urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Santa Ana citizen says: "W. A. Irvine, 818 E. street, Santa Ana, Calif., says: 'I am as firm a believer in Doan's Kidney Pills now as when I publicly vouched for their merits in March, 1907. The praise I give Doan's Kidney Pills is duly warranted, as their use has brought me relief on a number of occasions from backache, and sharp pains through my loins. This medicine which was procured at Dean's Drug Store, has also been helpful in other ways, relieving soreness through my kidneys and regulating the passages of the kidney secretions.'"

NEW CARDINALS OVERWHELMED BY CONGRATULATIONS

ROME, Nov. 29.—The three new American cardinals—Farley, Falconio and O'Connell—were recipients yesterday of hundreds of cablegrams from the United States, conveying greeting and congratulation. Congratulations were paid by cardinals resident in Rome, ambassadors and ministers to the Vatican court, prelates and the laity. The reception was brilliant. The new cardinals returned as many calls as they could in the limited time. An unprecedented demand was made for tickets to the public ceremony today for the bestowal of the red biretta.

NOGALES, Ariz., Nov. 29.—Lieutenant Chipman has arrived here with a detachment of ten men who will prepare a camping ground for the coming of the entire regiment of the Sixth United States Cavalry next week.

Such action is taken by the government because it is reported that a Revista revolutionary movement was contemplated in Sonora, necessitating a regiment at the line at Nogales.

RUSSIA EXPLAINS LONDON, Nov. 29.—Sir Edward Grey, the foreign secretary, announced in the House of Commons yesterday, that Russia had assured Great Britain that the military measures against Persia were purely provisional in character.

EVER TAKE THE PLEDGE?

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—break it.

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased and he must have treatment that will cure his condition. If Orfene does not benefit after a trial, your money will be refunded.

ORFENE costs but \$1 a box. Call at our store and get a free booklet. We'll gladly tell you all about this meritorious remedy for the liquor habit. Hatfield & Parsons.

A JOLLY "HIKE"

Baracas Entertain Philatheas of Presbyterian Church With Walking Party

The Baraca Class of the First Presbyterian church last evening entertained the Philatheas of that church with a "hike" which ended very happily with a marshmallow toast at the home of C. R. Schenck.

The merry party marched through the streets in double file, and the young people got acquainted by each man advancing one in the line every so often at the command of Captain Kinslow.

The boys and girls and their chaperons taking part in this jolly affair were Misses Nettie Hove, Anderson, Leta and Clare Wells, Zelma Sturgeon, Hazel Rowley, Nancy Elder, Clara and Minnie Strohline, Adeline Hill, Louise Potts, Hazel Stockslager, Aileen Tubbs, Alice Wasser, Florence Doig, Kate Kelley, Nell, Christine Schenck, Messrs. Art. Anderson, Kinslow, Donaldson, Schenck, C. Tidball, G. Tidball, Osborn, McNeill, O. Lamb, Woodside, Abbot, Lambert, Morrow, White.

Mrs. Morrow and Mrs. Kinslow were chaperons.

Surprise Sheriff

A surprise was given Sheriff Ruddock at his home Monday evening by his wife and niece, Miss Nellie Bacon. A fine spread was prepared and Messrs. and Mesdames W. B. Williams, Samuel Jerigan, Robert Squires, E. W. Boynton and H. C. Head were invited to take part in the surprise, which was complete, for after the sheriff had been held at the county jail on a subterfuge he walked in to find friends and dinner awaiting him. The occasion was the twenty-seventh wedding anniversary of Mr. and Mrs. Ruddock. A handsome Morris chair was given them by the guests.

SURPRISE AFFAIR

Popular Young People Soon to Be Wedded Were Show-ered With Gifts

In honor of the approaching marriage of Miss Edith Patton and Clarence Tedford, two well known and liked young people of this city, a delightful surprise was given them last night at the home of Miss Saran Jarden on West Washington avenue.

They were completely surprised as they walked in the house, where they had escorted Miss Gardner—she cleverly contriving that they should do so—to find a jolly company assembled. The guests consisted of the Baraca boys and J. O. C. girls from the First Methodist church, some of the Conservatory faculty and some immediate families of the honorees.

There were numberless merry diversions, one of them being a picture gallery, where each guest was astonished by confronting his or her baby picture. After the games, a clothes basket filled to overflowing, was brought forward and the bride-to-be, assisted by Mr. Tedford, unrolled the varied gifts, which ranged from cut glass to useful kitchen utensils. Jingles, accompanying the gifts, were read for the amusement of the company.

Refreshments were served in two courses, hearts showing in the various delicious viands. Hearts were also used in the house decorations, prettily combined with red geraniams.

A pleasant feature of the evening was an informal program consisting of the singing of "Because I Love You, Dear," by Mrs. Coleman, and piano solos by Misses Page and Haughton.

Entertained Inter Se

Miss Jessie Plock was hostess to the maids and matrons of the Inter Se Club last evening. The evening was entirely informal, Christmas fancy work busing the fair fingers of the ladies as they talked over topics galore, or listened to the reading of "Molly Make-Believe."

The refreshments were served to the ladies in the parlor, Thanksgiving suggestions prevailing in napery and favors.

The Woman's Civic Club

Every woman is cordially invited to come, and the members are requested to ask and bring anyone whom they know would be interested, but who has not joined the club.

Never will we forget how we used to wish we could live in California. Back there in old Iowa with its snow storms and rains—business during those storms at a standstill—we would say "Oh, if we could only make a living in California, that would be all we would ask."

And we finally broke away—and went into business in Santa Ana—and have been successful.

Each year our business has increased over the preceding year—this month of November is over a thousand dollars ahead of NOVEMBER, 1910.

wherever the Stars and Stripes are unfurled, this custom is observed by every lodge of Elks, and the occasion is designated as the "Lodge of Honor," or Memorial Sunday—always the first Sunday in December. This year Santa Ana Lodge No. 94 is preparing to pay this tribute to its departed members in a most appropriate manner. A program eminently fitted for the occasion has been arranged for, and the public is cordially invited to attend.

The exercises will be held at Elks hall, and the time set is 8:15 p.m. This will give opportunity for those who attend church services previously to be present during the exercises.

Full particulars, together with the complete program, will be published later.

Jolly Social Session

Last night was a jolly occasion in Elks circles, and the local members of that fraternity were hosts to the Baby Elks from Whittier lodge, which was but recently instituted. A dozen or more representatives of the "oathless city" journeyed hither in automobiles, and were hospitably received by their brethren here.

It had been decided to have a "social session," and create amusement for the local members as well as the visitors. With this end in view a committee composed of Parke Roper, V. Tubbs and Frank Remsburg, had quietly arranged for the amusement features and the majority of those present were treated to a surprise. When the business of the evening had been dispatched and the good of the order reached, a felicitous address of welcome to the visitors was given by H. C. Head of Santa Ana, and was responded to by Acting Exalted Ruler Denney of the Whittier lodge, and others from that city.

Then came one of the surprises. This consisted of the presentation to the lodge of a loving cup won by the Elks float in the parade held during the recent carnival at Anaheim. The float was prepared and entered by the Elks from the north end of the county, members of Santa Ana lodge, and the cup was awarded them as a prize. Mr. Hamlin, who was director general of the carnival at Anaheim, made the presentation of the cup, which was accompanied by a first prize ribbon, with his compliments.

The lodge was then closed, and the committee prepared to deliver what it had up its sleeve. A team of black-faced artists from the Dixie and theater, one of the amusement features of the carnival now in progress here, gave several unprovoked numbers in their specialty line, consisting of monologues, songs and dances. They were well received. A highclass musical team, now playing an engagement at the Bell, un-

Senior Hugo, with violin and Senora Mendoza, with harp, constitute this team. Their first number was greeted with uproarious applause and they were repeatedly encored.

Following the program adjournment was made to the banquet room, where another agreeable surprise was in store. This consisted of a "lobster feed," with all the accessories. This brought a delightful close to a pleasantly and profitably spent evening.

WHITE RIBBONERS MEET

Discussed Matters of Interest and Listened to Good Musical Numbers

The W. C. T. U. held a very interesting meeting yesterday afternoon at the home of Mrs. C. E. French, 215 East Ninth street. Mrs. Wells led the devotions. All joined in singing "Onward, Christian Soldiers." The subject was "Household Economics," and was in charge of Mrs. J. H. Walker. Mrs. Crosier read an excellent paper on the subject, referring principally to children's foods. This paper brought out a general discussion. Mrs. Harry Dean sang a solo. Mrs. M. V. Lyon read a paper on the subject relating chiefly to manners of children and certain right parents should give a discussion also followed this paper.

Mrs. Mit Phillips favored the union with a solo, and little Gladys Burns very beautifully, played a piano solo. Mrs. Norman stated to the Union that she had been requested to speak of petitions that would be circulated later to be sent to Washington, asking that a law be framed to not allow liquors to be brought in from one state to another.

At the next meeting Mrs. Bell Rogers will give a drill on "How to Vote," and this is only two days before the election for Polytechnic High School it will be of interest to all women who wish to vote to be present.

The next regular meeting will be a very important one, the subject is "Southern California Home For Women." It is requested that most liberal donations be brought in, also a generous offering is asked for. There are 23 old ladies in this home, and it is requested that we send a little present to each of the old ladies. The superintendent will get the names of each lady and a little remembrance will be sent and help make a bright and cheerful Christmas. They also need bedclothes and linen, towels, rugs, dressing sacks and wrappers, and anything that can be used in a home will be acceptable except children's clothing.

Please let us make a good donation for Christmas. The meeting will be held at the home of the Superintendent, Mrs. Anna Gale, 922 Spurgeon street, Tuesday, Dec. 12.

A splendid dinner was served and a social time was enjoyed.

Dragon Holiday Windows

—Those Thanksgiving windows in the Dragon speak eloquently of the feast to be enjoyed tomorrow. In one of these windows, gay with favors and a basket of richly glowing fruit, is an immense mince pie, fairly bursting with richness and flanked by miniature plum puddings, holly trimmed. Then there are dozens of tempting fruit and cakes, which one knows are the very essence of excellence when made by the Dragon. It is all a sight to make the looker-on sigh with satisfaction realizing that just up a flight of stairs is the big Dragon bake-room, where all those luscious goodies are being turned out by scores, making it a joy for the housewife to get up a Thanksgiving feast.

A companion piece to this "bakery" display is another Dragon window in which are to be seen in alluring profusion, endless Thanksgiving favors, lovely baskets of choice chocolate bonbons, delicious mints on holiday and red delectable glace fruits, suggestive of the storehouse of holiday delicacies just inside the doors.

Mr. and Mrs. Wm. Innis, and son, Wells, and Miss Ingersoll will spend Thanksgiving with Mrs. Elliott of Fullerton.

OATS CROP REPORT PER THE LAST UNITED STATES CENSUS

Acreage Increase in Ten Years was Over
5,000,000—Production Not So
Great in Proportion

WASHINGTON, D. C., Nov. 29.—16,145,000 acres in 1879 to 28,321,000 in 1889, 29,540,000 acres in 1899, and 35,159,000 acres in 1909. The acreage in oats in 1909 exceeded that in 1879 by about 118 per cent, whereas the population of the country during the same period increased a little over 80 per cent. The production of oats in 1879 was 407,859,000 bushels, as compared with 1,007,129,000 bushels in 1909.

Distribution of Acreage.
Of the total of 35,159,217 acres in oats in 1909, the two North Central divisions contained over three-fourths, 11,225,021 acres lying in the eastern section, and 15,710,495 acres lying in the western section. The South Atlantic, East South Central, and West South Central divisions together contained 3,516,128 acres; the New England and Middle Atlantic divisions, 2,742,307 acres; and the Mountain and Pacific divisions, 1,965,266 acres.

Changes in Acreage, By Divisions.
Conspicuous changes in the acreage of oats occurred in the two North Central divisions and the Mountain division. In the two North Central divisions the land in oats rose from 22,196,879 acres in 1899 to 26,935,516 acres in 1909, an increase of 4,738,637 acres, or over 21 per cent, an increase of 3,600,737 acres being found in the West North Central division and 1,137,900 acres in the East North Central division. Especially large in

creases in acreage are to be noted in North and South Dakota.

In the Mountain division the land in oats increased 752,014 acres, or 182.4 per cent, the largest actual increases occurring in Idaho, Montana, and Colorado. The increases in the New England and South Atlantic, East South Central, and Pacific divisions were comparatively unimportant in absolute amount, although in the Pacific division the percentage of increase was 47.8. A decrease of 195,915 acres, or 13.3 per cent, is found in the West South Central division, and of 60,673 acres, or 2.4 per cent, in the Middle Atlantic division.

AMUSEMENTS

Grand Opera House
There is a feast in store for the laugh-hungry at the Grand Opera House on Saturday, Dec. 2, when Richards & Pringle's Famous Minstrels make their appearance.

The mere announcement of this company's coming is usually sufficient to pack the theater. Little need be said for this company, for they have been coming here for over a quarter of a century, and their merit is well known. In keeping with the policy of the management, everything is brand new. While several of the old favorites still remain, many new faces will be seen in the circle this season. A great deal of attention has been paid to the singing and dancing portion of the program, and lovers of the old-time minstrelsy will find much to please them. The vaudeville portion will be the most expensive ever carried by a minstrel company. Fred Simpson's Challenge Band of twenty-five solo musicians are a prominent feature, and the management throw down the gauntlet to any minstrel company to produce its equal. Watch for the big free street parade at noon. There will be a band concert in front of the theater at 7:30 o'clock in the evening, and the program will range from ragtime to grand opera.

Grand Opera House

Brimful of new faces, new songs, new costumes, new dances and new music Billy Clifford will open an engagement at the Grand Opera House on Friday, Nov. 1 for one night in his eminently successful musical feast, "The Girl, The Man and The Game."

Although Billy calls his latest effort a musical feast, it has been often termed "a delicious musical desert of dainty delicacies" and proved to be a very acceptable offering last season from coast to coast.

Not entirely satisfied with his cast of last season Mr. Clifford at the close of the season immediately hastened to New York to obtain a prima donna and a soprano superior to those of last season. After many weary weeks he successfully outdid all the New York magnates and for the prima donna role secured Miss Ida May, whose vocal ability of great merit, combined with a fascinating stage presence, have made for her an enviable reputation. For the soprano role Billy was also very fortunate to secure the services of Petite Mae Collins, a very clever little Titian haired actress of the type of Marguerite Clarke, and who scored a great success the past year in several New York productions the last of which was alternating in the title role of the Pink Lady. These two clever artists are a great improvement in the cast of last season.

The play in itself is irresistibly funny and while it would be an acceptable offering as a straight farce, Billy has added to it sixteen catchy songs from the pens of the best composers of light airy music which are programmed as musical interruptions and are very acceptably rendered by the various members of the cast ably assisted by the same number of chorus girls who can sing, dance and are beautiful visions of feminine loveliness.

Baraca Boys' Philharmonic Course

If the Santa Ana public really awaken to the splendid work being done by the Baraca boys this year in their presentation of the three star events which constitute the Santa Ana Philharmonic Course, they will secure their season tickets early for the price charged by the boys for the three events equals only the price charged for one event in Los Angeles and other Southern California towns.

The first event is William Foden, the world's greatest guitarist; Giuseppe Pettine, Italy's most famous mandolinist, and Frederick Bacon, certainly America's premier banjoist.

The third event, also musical, introduces Lily Dorn, dramatic soprano from the Grand Opera at Prague; Ignaz Harold, violin virtuoso from Berlin and Gertrude Ross, composer-solist, an equally celebrated trio. Art is represented in the B. R. Baumgardt lecture in a magnificent series of views.

Literature is represented in the splendid descriptive story of the "Castles and Legends of the Rhine," given as only this splendid speaker, and authority, can give it.

CAN'T CURE CATARRH

Stomach Dosing, Sprays and Douches Have All Failed

—There is only one way to cure catarrh.

Reach the raw, tender, inflamed membrane that is infested with catarrh germs, and destroy the germs. You can't reach the nooks and crevices with liquid preparations—there is only one way—breathe the antiseptic germ killing air of HYOMEI (pronounce it High-me) directly over the infected parts.

HYOMEI contains no opium, cocaine or other harmful drugs, it is made of Australian eucalyptus, thymol and other Listerian antiseptics. It is guaranteed to end the misery of catarrh, asthma, croup and bronchitis, or money back.

Ask the Rowley Drug Co. about the HYOMEI outfit today. They sell it for only \$1.00 and guarantee it.

LOS ANGELES PRODUCE MARKET

The feature of the market was the heavy receipts of fruits to meet the holiday demand, and the marked firmness shown throughout the day. Only one change in staples was noted, and that was confined to eggs. Eastern fresh eggs were advanced to 38 cents a dozen, and storage stock to 26¢ at 28.

There is a scarcity of oranges to meet the heavy call, and dealers who are fortunate enough to have some on hand are realizing a good profit. A few boxes of Redlands early oranges were received by one dealer, and they were quoted at \$2.25 a half box. Other fruits were very steady at prevailing prices.

Apples were in good demand. There was a good call for all varieties; Jonathans and Winesaps, however, were in good demand, the latter being quoted at \$2.35 a box. Receipts were 4183 boxes.

Grapes were in good call, but no advance in price is looked for, due to so much stock being taken from storage. Cornichons and Tokays moved well around \$1.00 a lug box.

In the vegetable line a good passing trade was reported. Receipts were liberal, and dealers upheld prevailing prices on everything.

Celery commanded the usual holiday attention, but receipts so far have been equal to the demand, and no advance in prices is looked for; the best stock sold around \$2.50 a crate.

Egg receipts were 93 cases. The market on all grades ruled firm. The advance in eastern fresh eggs and storage stock was due to the heavy demand and the light holdings.

Butter arrivals were 29,876 pounds. The market was steady at prevailing prices. There was a good call for fine creamery extras, but receipts of this grade were liberal, and no change was noted.

The demand for cheese was fair in Oregon twins, Edam and Swiss imported. Receipts were 616 pounds.

The potato market was firm on reports from Oregon of higher quotations there. A firm feeling was shown in river spuds. Receipts of the potato market were 1899 sacks. Onion arrivals were 65 sacks. Sweet potato receipts were 354 sacks.

AT THE COURT HOUSE

STANTON SUIT BEGUN TODAY

Action to Break Municipality
Has Sanction of At-
torney General

Suit to annul the incorporation of the city of Stanton was begun today in the superior court, Attorney General U. S. Webb having consented to the bringing of the action. In fact, Raymond Benjamin, Webb's chief deputy, with Attorney John D. Pope of Los Angeles, and H. G. James of Anaheim appear for the people and for Walter J. Cole, relator, as plaintiffs.

The complaint alleges numerous errors in the procedure that was gone through to form the municipality. It alleges that the notice of the filing of the petition was not properly signed nor published, and that the notice of the hearing of the petition contained an error in date, that during the course of the publication the words "Tuesday, the 5th day of April," were changed to "Wednesday, the 5th day of April," the attorney for the petitioner having made the mistake in the day.

The Board of Supervisors is made defendant in an application for a writ of review of its proceedings.

Saniger Defaults
The default of the defendant has been entered in the annulment suit of Edith L. D. Hadlock Saniger against Joseph E. Saniger, now serving ten years in San Quentin for bigamy. The plaintiff was wife No. 2.

WONDERLAND PARK LOTS FREE DURING CARNIVAL

—For the double purpose of boosting the Carnival now being given under the auspices of the Loyal Order of Moose by the Cosmopolitan Shows, and to at the same time advertise his new pleasure resort, "Pap" A. E. Carter, owner of Wonderland Park, has arranged to give fifteen lots each evening during the remainder of this week, to patrons of the Carnival.

Wonderland Park
Is situated among the beautiful mountains of Ventura County, 6 miles northwest of La Crosse, a station on the S. P. Ry., and 12 miles northwest of Ventura-By-the-Sea, that pretty little city 75 miles north of Los Angeles, on the main line of the Southern Pacific Railway, nestling between the mountains and the best beach on the California Coast.

One can go from Los Angeles and other Southern California towns to Wonderland Park and return the same day. Here will be found good hunting and trout fishing amid beautiful mountain scenery.

In addition to the lots to be given to patrons of the Carnival Mr. Carter has presented to the local lodge of Moose a beautiful clubhouse site in Wonderland Park.

All the best fruits and vegetables the market will afford, you will find at our store. Special prices on apples by the box. James' Sanitary Fruit Store.

YESTERDAY BLAZE THREATENED HOUSE

Yesterday a blaze threatened to burn the home of Mrs. C. D. Overshiner at the corner of West Second and Van Ness. Mrs. Overshiner had cleaned her sink with coal oil and paper. She then lighted a stove, and went into another room. When she returned the kitchen was ablaze. Her son William, who was in the yard turned a stream of water from a garden hose on the fire and soon had the flames out. The damage done was about \$25.

A Terrible Accident

Last Sunday afternoon I was dreaming, just a little nap, with no thought of injury or harm from the blasts of the wind that blew a gale, never a thought of the precious lives on the high seas or on land that were endangered by "The Blow," when suddenly I was awakened by a call that some one wished to see me. Hurdly preparing to meet my unexpected visitor who I found waiting for me, a frail little woman, tears were chasing down her cheeks, at the sight of which my surprise was turned to horror. "Billy" has been hurt, were her first words and then the account of the accident. She was Mrs. Fitchett, the wife of "Billy" Fitchett, the piano player of the Bell Theater and from her I learned the following:

"During the storm, 'Billy' was sitting in his home, near a window practicing on an instrument he wishes to master, when without any warning, a large pane of glass (the window), was blown in, scattering glass all about him, one large piece falling across the right hand severing the leaders and tendons, completely disabling him in his work for months to come, and perhaps for life, as a piano player."

He was hurried to the hospital and when he came to, his first words were to his little wife, who was at his side: "Tell Doc," he did not want to stop my show for Sunday night. Sympathy is all right, but the practical, tangible sympathy is what one needs at such a time. Mrs. Roberts suggested that we give our Thanksgiving matinee receipts to "Billy" and his family.
